Adacel Wins Local Business Award

Adacel is recognized for community involvement, job creation and technological prowess

Montreal, Canada (April 14, 2003) – Adacel, the leading developer of simulation, voice recognition, operational air traffic management and software solutions for civil and military aviation, announced today that it has won the Large Business Award from the Brossard Business Association in Montreal.

“We are pleased to be recognized by the AGA for our technical achievements, quality management and community involvement,” said Lionel Léveillé, Adacel’s President and CEO. “Brossard (Montreal) is the headquarters of Adacel Inc., and we are honored to be recognized by the community and our peers.”

At a gala held on Saturday April 12th, the company was singled out for its innovative technology, commitment to employees as well as, strong community involvement. The annual AGA prize is administered by the Brossard Business Association (Association des Gens d’affaires de Brossard – AGA).

“Adacel is a significant contributor to the Brossard business community,” said Jean-François Guénette, President of the AGA. “It is our honor and privilege to present the organization with this award.”
